Inside*

# Why a BWT robotic pool cleaner, are they the best choice?

B line BWT robotic pool cleaners combine performance, beauty and functionality, all at a very attractive price. Above all, they have one feature that sets them apart: ultra fine BWT filtration.

**Floor**  
You just need to clean the pool floor? Choose the BWT B100 model.

**Efficient travel**  
With four large wheels, BWT robotic cleaners cope with any obstacles, moving easily between toys forgotten on the pool floor by your children. Simple and robust travel, perfect for a family pool.

**Adjustable nozzles**  
BWT robotic cleaners feature the most powerful suction of any robot on the market. Suction can be increased up to twofold, thanks to precise adjustment of the nozzles.

**The finest filtration on the market**  
BWT robotic cleaners are fitted with an exclusive, 4D Filter that has a retention capacity four times better than any other. 4D Filter technology exploits a filter fabric that features loops to capture the tiniest particles, up to two microns in diameter. BWT guarantees the finest filtration currently available on the swimming pool market.

**4 brush wheels and additional rotating brush**  
The 4 rotating wheel brush dislodges desposits and leaves the surface perfectly clean. The additional rotating brush ensures impeccable cleaning of the pool floor.  
"BWT clean!"

Ideal for  
above-ground  
pools and  
small pools

• **Fast cleaning**

Length of the cleaning cycle:  
one and half hours.

• **Smart Navigation**

BWT robots move quickly and clean fast. They feature the intelligent and exclusive **Smart Navigation System**. Comprised of a gyroscope and an algorithm, the navigation system scans and detects obstacles, and then computes the cleaning path. The cleaning cycles are shorter and the entire surface to be cleaned is covered. The pool floor is perfectly clean with minimum passes, and in record time. "BWT fast!"

Pool surface area	up to 60 m <sup>2</sup>
Cleaning cycle duration	1.5 hours
Cleaning type	Floor
Brush type	4 brush wheels + Additional rotating brush
Filtration	4D Filter cartridge (x2)
Filtration finesse	Ultrafine
Cable length	16 m
Adjustable nozzles	Yes
Dimensions (L x W x H)	35.5 x 41 x 24.6 cm
Weight	9.5 Kg
Guarantee	2 years
